Staying Safe

What to do if you experience inappropriate behaviour

Together, we can keep the community safe and respectful for everyone.

2. Block the offending user directly
 - a. 'Block' buttons can be found across the platform.
 - b. Blocking the user will prevent them from finding or messaging you in the search.
3. Report the issue
 - a. 'Report' buttons can be found across the platform.
 - b. You can also report any misconduct to webapp.reporting@studystream.live, or use our Discord reporting channels so that we can take appropriate action
